Low Lip spoilers

Both spoilers suit all model Impreza's up to MY99. (Ver 1 2 3 and 4)

The new ver 5 (MY99) is now available. Visual recognition of (early) model is by the 3 slots in the side of the bumper (the 99 model only has two)

Whole Bumper bars

The radical looking WRX / 22 b bumper bar is finally available to fit the Impreza.

This bumper bar **fits all models**

however 1997 98 (Ver 4) indicators are needed and it fits best with the same model headlamps.

The bumper includes huge mounts for the rally style spot lights, or if not fitted, covers are included with the bar.

Also included is a replacement grille, for that real rally look!
